

# PREMIUM TOUR «ENNETSEE»

The tour is perfect for nature-lovers and the ones, who like to get to know the beauty of the region of the Lake of Zug. During a boat trip you already have the possibility to marvel at the region which we will explore on the Segway afterwards. Well-experienced guides will accompany your tour and give you valuable and interesting tips and information about Zug, the Lake of Zug and the region's history.

Our starting point is in the North of the city, in Herti, where you will also get to know the Segway more intensively. After a short drive along the Lake of Zug, we arrive at the Rigiplatz. There, we load our Segways on board.

The boat trip starts and takes 45 minutes within which you can also have a look at the beautiful region we will explore on the Segway afterwards. When we arrive in Risch, the pier with the higher located church St. Verena provides us with the perfect starting-point for our tour.

Along the impressive and unique lakeside promenade we can get a beautiful view on the region as well as the surrounding pre-Alps. On our way we pass the castle St. Andreas in Cham and also have the possibility to marvel at the unique natural reserve at the river Lorze. After a total of 3.5 hours your tour ends in the Herti again.
