## SHORT-TRIP «CITY TRIP»

Our guides show you their city. Come with us on an interesting and unforgettable tour through Lucerne with the innovative Segway!

Our route begins at the Premium Business Centers and takes us to the Cultural and Congress Centre, which unites art, culture, congress and fine food. The Centre was inaugurated and opened in 2000.

We drive over the See Bridge to the world renowned Lion Monument, which was conceptualized by Danish sculptor Thorwaldsen in remembrance of the fallen Swiss heroes of the 1792 battle at Tuileries. Lukas Ahorn from Constance carved the lion into the natural rock of Luzern's former sandstone quarry. By the time of its solemn unveiling in 1821 "the mortally wounded lion of Luzern" had become the most famous commemorative monument in the world.

As the tour continues, the route takes us up the beautiful, winding roads of the Wesemlin-quartier, tailor made for Segway driving. The Wesemlin-quartier is an extremely popular residential area due to its sunny location, the many green areas in the vicinity, the Dreilinden-hügel and the Dietschiberg. Situated directly over the old city, the Wesemlinquartier offers spectacular views of the lake and the mountains. Following our visit we return over the See Bridge to our start point, where the tour finishes after 1.5 hours.
